LENDING

Lending is to invest your own NeoConnect to get a daily return from the management of NeoConnect bought during ICO and also after the Internal Exchange Launch. It is an impressive concept for investors for those who want to enjoy a daily passive income.

No fixed daily interest rate can be guaranteed. The maximum interest rate is upto 45% per month + 0.50% daily (For Tier 4 as per the Lending chart). Hence, a maximum interest that can be earned is upto 60% per month.

When the contract expires then the investment fund will be returned in accordance with terms & conditions. This investment option allows you to profit from the NeoConnect trading bot and the volatility software. You will receive daily profit based on your investment. You will receive your capital back with the profits on the following chart. You can take out your capital from NeoConnect lending platform or reinvest at any time.
